

Press Release Semmco Sinkers Sail to 3rd Place in Dragon Boat Race
Date of Issue: 6 July 2015

Semmco Sinkers Sail to 3rd Place in Dragon Boat Race

Semmco Ltd is an owner managed, British design and engineering company offering a range of specialist services and innovative, safety-conscious access and ground support to allow airline and train operators to access and maintain their fleets. Located in Woking, Semmco Ltd provides engineering design, build and consultancy for special projects to bespoke customer requirements.

Well done to the Semmco Sinkers who won 3rd place in the Dragon Boat Race at Goldsworth Park Lake in Woking on 5 July after 4 gruelling races. On the day they looked the part in their matching outfits and hats and won the best dressed category.

A few days earlier battle cries were heard from the company's meeting room where the team were practicing for the race using office chairs as the boat and imaginary oars.

On the day, in the first race, cox, Will McOnie sported the HEAD10 breathing apparatus while the others wore their navy style hats. Concerned at the fierce competition, the Semmco Sinkers resorted to the tactic of reorganising the weight shift of the rowers and jettisoning unnecessary payload. This ploy was successful and saw them gain time and clinching a place in the final.

The Semmco Sinkers mustered their strength to come 3rd out of 16 teams and are looking to raise £500, for Woking Hospice in memory of Kris Cook. If anyone would like to donate, please contact nina@semmco.com.

Semmco is committed to quality, safety and reliability through innovative designs, while manufacturing cost effective engineered solutions.
